In celebration of our institutions’ Catholic Mercy identity and in recognition of the exceptional students who attend Mercyhurst Preparatory School (MPS), Carlow University will guarantee undergraduate admission and at least $22,000 per year to MPS graduates who possess certain academic qualifications and enroll at Carlow as first-time, full-time students in the fall semester immediately following their graduation from MPS.

**TO QUALIFY, THE STUDENT MUST:**

+ Submit a completed application for admission.
+ Have a minimum 3.00 cumulative GPA (on a 4.00 scale) at the end of their junior year.
+ Score a minimum 1060 SAT (EBRW + Math), 21 ACT composite, or 68 CLT. Carlow will superscore each of these tests should a student take them more than once.
+ Be in good standing with MPS; students with disciplinary or criminal history are excluded from this agreement and will require further review by Carlow University.

**FOR THOSE WHO QUALIFY, CARLOW UNIVERSITY WILL GUARANTEE:**

+ Admission to the institution and academic program of the student’s choice (including Carlow’s competitive nursing and cardiovascular perfusion programs).
+ An academic merit scholarship of at least $17,000 per year, a four-year value of $68,000. Students with higher academic credentials may receive up to $20,000 per year, a four-year value of $80,000.
+ The Catholic High School Award of $5,000 per year, a four-year value of $20,000. This award is above and beyond the merit scholarship.

Scholarships and awards may be combined with institutional grants and athletic scholarships (if eligible) as long as they do not exceed the cost of tuition. The student must maintain satisfactory academic progress once at Carlow in order to renew annually. These scholarships and awards can be received for up to four years (or eight semesters) total and are non-transferrable.

Students who do not meet the above criteria are still invited to apply for admission and will be considered for admission and scholarships by the Committee on Admission at Carlow University.
